

Let the Museum of the Cape Fear pay for your field trips.

- Through a generous grant from the Youth Growth Stock Trust, field trips to the museum will be fully funded. This includes the cost for the bus, bus driver, and a substitute teacher.
- To take advantage of this opportunity, contact the museum and make your reservation.
- A field trip to the museum aligns with the 4th and 8th grade North Carolina History curriculum. It provides interdisciplinary lessons for all grades.
- Make reservations at least 2 weeks in advance. Have a 1st and 2nd choice of dates. The museum accepts 75 students at one time but can accept 2 groups a day.
